

You are More than a conqueror

Life is a war from the time of birth to when you leave this world. There are both seen and unseen enemies lurking all over the place even in your own household. Most of these enemies especially the household ones are very fierce and daring and are always ready to destroy us. The most unfortunate thing is that in many cases these enemies are so powerful because they emanate from our ancestral past and so can destroy our destiny (Matt 10v36). The only one that can help us to fight against these principalities and powers in high places is the Almighty God who knows all beginning and the ending (Rev1v8). But the word of God made us to know that we are more than conqueror through Christ that love us (Rom 8v37). The question now is with these hordes of evil around us how can we become more than conqueror?

One can only become more than a conqueror only when one has been able to conquer oneself. The only way one can conquer himself or herself is by being born again. This is by accepting Jesus Christ as your Lord and personal savior. For one to be able to overcome all these wicked principalities and powers one must submit one's life to the owner of life Himself. God is the Father of the whole world. He created the whole universe and all that is in it. He created both the good, the bad and the ugly and only Him has the capacity to do all things (Isaiah 45v7). He sent His son Jesus Christ to die for our sins and restore man back to Himself. The word of God teaches that as many as receive Jesus Christ as their Lord and personal savior (John 1 v12-13) He gave them power to be called the sons of God. When a man accepts Him as his Lord and personal savior and submit to His will, He and His Father will come and abode is that man and begin to live in him (John 10v30). And so when the Father and son dwells in a man that man automatically becomes more than a conqueror. The Holy Spirit will begin to live in him and begin to direct and lead him. All the principalities and evil power will take to their heels because the giver and owner of life has taken over. At this stage God Himself takes over the battle of your life and begin to demolish and destroy every enemy of your life. But a man who is yet to conquer himself cannot become more than a conqueror because his life is still been ruled by the enemy. The greatest victory you can get is victory over SELF. The self-shows in many ways. Pride is the first. Prov. 29v23, James 4v6. If you are proud you are

fighting against God. The one who is proud does not usually know he is proud. When you humble yourself God fights for you. Self also manifest in sexual immorality. God will consume any vessel that defiles itself with fornication. I Corinth 3v17.

Self also manifests in Talkativeness Prov.12v13, Matt.12v36. The less you say the better because everything you say is being recorded for the day of Judgement. Self also manifest in excessive eating as some have made food their god. Phil 3v19. Anger is another manifestation of self. Ecclesiastes 7v9. Anger lies in the bosom of a fool. Anytime something is making you to be angry the devil is about to spring an attack, refuse to give in. If you want to be more than a conqueror. Conquer yourself. Accept Jesus Christ as your Lord and personal savior. Submit your will to His will, drop your yoke and carry His yoke. (Matt 11v30) He will come in and dwell in you and take over all your battles. If you are still living in sin, then you can never be a conqueror talk less of been more than a conqueror. Why not just bow your head and talk to Jesus? Ask for His Mercy. Tell Him that from today you have surrendered to Him and ready to forsake all your sins. Promise Him that you will never go back to your sinful ways anymore. I pray that the Almighty God will show you mercy and draw you into His fold. Congratulations. Read me again next month. God bless you.
